Repeat Rule

Effective Fall 2016, when a course has been repeated the highest grade counts towards Earned Hours and all grades are calculated in grade point averages. Prior to Fall 2016 only the latest grade was calculated in all grade point averages and towards the Earned and GPA hours.

In the case of courses that span two terms (see Credit Hours), both Part A and Part B of all attempts are included in GPA calculations (effective Fall 2016). Prior to Fall 2016 the latest grade was used.

I	Included
E	Excluded
A	Included in GPA

Credit Hours

Most courses are either three credit hours or six credit hours. There is a correlation between class hours and credit hours. E.g. a three credit hour course normally consists of three lecture hours per week in one term; a six credit hour course normally consists of three lecture hours per week over two terms.

Note: courses that span over two terms are listed as two course sections, Part A and Part B. Students who complete a course that spans over both terms will be assigned the same grade for both parts and only when Part B has been completed. Refer to Repeat Rule information.

Attempted Hours: all courses completed within a level of study.

Earned Hours: all courses completed within a level of study, subject to the Repeat rule.

GPA Hours: all courses completed within a level of study, subject to the Repeat rule.

Quality Points (QPts)

The value of the grade assigned multiplied by the credit hour value of the course.
E.g. B (3 grade points) x 3 credit hours = 9 Quality Points

Grade Point Average (GPA) Calculation

Total Quality Points divided by total GPA hours

Term Grade Point Average (TGPA)

The grade point average of all courses completed within a given term of study, subject to the Repeat Rule, excluding courses with grades marked with an *.

Cumulative Grade Point Average (CGPA)

The grade point average of all courses completed within a level of study, subject to the Repeat Rule, excluding courses with grades marked with an *.

Degree Grade Point Average (DGPA)

The grade point average of all courses acceptable for credit in the current degree program, subject to the Repeat Rule, excluding courses marked with an *.

Pre and Post September 2006 Transcripts

The University of Manitoba course numbering system was revised effective September 2006. The course numbers that appear on pre-September 2006 transcripts include a numeric department number and a three digit course number. Course numbers on post-September 2006 transcripts include a subject code of up to four characters and four digit course number.

Due to changes in U of M policies on grade point average (GPA) calculations, effective September 2006, students whose study took place both prior to and after September 2006 will have two parts to the official transcript. Part 1 will include a record of all work completed prior to September 2006. Part 2 will display only courses completed after September 2006. Part 2 of the transcript will, however, include the credit hours and quality points for courses completed prior to September 2006. GPA calculations on Part 1 will be in accordance with faculty based policies in place prior to September 2006. GPAs on Part 2 of the transcript will be based on new institutional policies and will be applied to all courses completed, both before and after September 2006.

High School Grading Criteria Example

FAQ

Where can we find information on this Program?

Answer: Information is available through several sources, such as any Executive member of the CNPA of MB, in our newsletters or on our website www.cnpensioners.ca.

How do I get this information to my grandchild?

Answer: The best way to communicate this information to your grandchild is to tell them to visit our website at www.cnpensioners.ca.

What are the requirements for application?

Answer: The Terms and Conditions for the applicants can be found on our website at www.cnpensioners.ca.

What is the application deadline?

Answer: The program is open to receive applications on April 15th. **Deadline for receipt of applications is August 15th each year.**

When will I be notified of the results?

Answer: Results of the Annual Scholarship Program will be communicated to applicants by September 7th of that year.

Can I use an old version of the application?

Answer: No, the current application must be accessed and used. It will have the current year in the title section.

Will you accept my application if it is postmarked August 15th?

Answer: Yes. If your email application is sent with the time stamp of August 15th of the application year, it will be considered as long as you have met the other requirements. However, we will not accept applications through regular mail or faxmittal regardless of the postmark date.

Can I send my application in via email?

Answer: Yes, as long as all required documents are attached to the one email as one PDF file. Multiple emails with attachments will not be considered and will result in your application being rejected.

Can I still send my application in through regular mail?

Answer: No. Applications will no longer be accepted via regular mail. Applications will only be accepted via email.

Can I fax in my application and documents?

Answer: No. Applications will only be accepted via email.

Will you accept a typed or electronic signature on my application?

Answer: Yes, but by doing so you are declaring that such signature is true and valid and that this document is a legal document.

What format should my application and supporting documents be in?

Answer: All documents should be sent in a pdf format as one complete file.

I recall that in previous years, the application process required a current photo. Is this still the case?

Answer: No, it is no longer necessary to submit a photo. However, we reserve the right to request one for possible use in our local newsletter when announcing the awards.

You mention including grading criteria with the Transcription of Marks. Where do I find this?

Answer: Grading criteria (if available) can be found on the back of the Transcription of Marks. Please ensure you scan both the front and back and include with the other attachments in your application email. **Exception:** This is only required when marks are **not** numerical. For example for high school graduates, most marks are shown as perhaps 87%, 85% for each subject. In this case, the Educational Institution Grading Criteria is not required. However, if marks are shown as “A-“ with a GPA of 3.75, then we require the Educational Institution’s Grading Criteria so that we know whether the GPA is 3.75 out of 4 or 4.5.

Why do I need to supply the grading criteria of my educational institution?

Answer: We require the grading criteria as part of the evaluation criteria. Since grading criteria is not standard amongst educational institutions, by understanding an institution’s criteria, it assists us in making a fair evaluation. For example, if your GPA is 3.5 and we don’t know whether the 3.5 is out of 4 versus out of 4.5, it would definitely have an impact on our assessment.

I am confused about semesters versus school years as to the 2 full school year average of marks you require. Could you please clarify.

Answer: We require an average mark of 80% over your previous 2 full school years. This differs from a semester because a school year would have more than 1 semester.

I am going into my 3rd year in university. Would the past 2 years of my university marks suffice?

Answer: Yes. We require your transcripts of marks for the past 2 full years of education. In this situation we would require your transcript of marks for year 1 and 2 of university.

If you have completed one year of university, we would require your marks for that year as well as your transcript of marks for Grade 12. If you were just starting university, then we would require your transcript of marks for Grades 11 and 12. Unofficial but final marks are acceptable for submission, but an official transcript may be required at a later date.

An example for English and French CEGEP students in the province of Quebec, the equivalent would be if CEGEP 2 (ACS) is the first year of University, then should you be starting your 2nd year of CEGEP then you would require your transcript marks of CEGEP 1 and (polyvalent) secondary 5.

On the application form it asks for the Local Council information of my sponsor. How do I find that out?

Answer: The local council to which a sponsor belongs is usually the city / province of residence of the sponsor. If you or your sponsor is unsure, then please indicate his city of residence as the local council.

How many awards are made each year and in what amount?

Answer: Typically, there will be two awards made each year in the amount of \$1,000 each. The number is reviewed annually and voted upon. For the 2019 Hosfield Bursary Program, there will be three awards in the amount of \$1,000 each.

How does the committee decide who the successful recipients will be?

Answer: The Selection Committee follows the guidelines set out in the Program Requirements based on the Terms and Conditions. Awards will be based on and weighted on several factors including presentation, organization, community involvement, personal achievements, attention to detail as well as marks.

Who is eligible to make application?

Answer: Children, grandchildren, great grandchildren (includes legally adopted and step children) of **supporting members (including Associate members) of the CN Pensioners' Association of Manitoba who are in good standing for at least one year prior to date of the bursary application.** Awards will be based and weighted on several factors not just marks. The resume is a very important piece of the selection process.

Definition of supporting members as per Article IV Membership Item 4.02 of the Constitution and By-laws of the CN Pensioners' Association of Manitoba.

Is this program open to the grandchildren of all CN Pensioners?

Answer: No. It is only open to "Supporting Members" as outlined in the Terms and Conditions of this Program. Please also refer to Article IV Membership Item 4.02 of the Constitution and By-laws of the CN Pensioners' Association of Manitoba.

What is meant by “Supporting Member”?

Answer: Definition of supporting members as per Article IV Membership Item 4.02 of the Constitution and By-laws of the CN Pensioners’ Association of Manitoba which reads: All members identified in article 4.01 who pay the established annual dues will be identified as supporting members and as such will be entitled to receive all information mailings.

Can more than one grandchild of a CN Pensioner apply at the same time?

Answer: Yes, final awards will be made by the Selection Committee based on the criteria set out.

If the CN Pensioner is deceased but his/her spouse is now receiving the spousal pension, can a grandchild still apply?

Answer: Yes, as long as the spouse is a supporting member of the CNPA of MB.

Can a grandchild of a deceased Pensioner apply?

Answer: No. However, if the spouse of a deceased CN Pensioner is receiving a CN spousal pension and is a supporting member of the CNPA of MB, then “yes”.

If my grandchild is a successful recipient of this award, can he/she apply in future years?

Answer: No

I see that the National Council of CN Pensioners sponsors a Scholarship Program. Can I apply for both the Scholarship program sponsored by them as well as the Harvey Hosfield Bursary Program sponsored by the CNPA of MB?

Answer: If your grandparent is a supporting member of the CN Pensioners Association of Manitoba in good standing, and you meet the terms and conditions of eligibility as outlined by the National Council of CN Pensioners, then the answer is Yes, you would be eligible to apply for both the programs. Please note that their eligibility requirements differ slightly so please review their Terms and Conditions carefully.

What type of format are you looking for in a resume?

Answer: Resume should be no more than 2 pages in length. Please see the Sample Resume provided as well as suggestions for the type of information we are interested in. Please note that the resume is an important piece of the selection process.

Why must Proof of Registration be given instead of just a Letter of Acceptance.

Answer: A Letter of Acceptance tells us that the Educational Institution has only accepted you conditionally. It does not provide a guarantee that you will actually register and attend. It is possible for one to be accepted into several institutions at one time, but that doesn’t guarantee that you will attend any of them. Therefore, a Letter of Acceptance is insufficient. Proof of Registration **MUST BE PROVIDED AND FOR THE**

COMPLETE YEAR OF STUDY. *A sample of what not is acceptable as well as what is acceptable is provided with the Instructions for Completion. Also note that if an actual letter of Proof of Registration is not available, then Proof of Registration of ACTUAL courses and / or proof of payment or partial payment of tuition would constitute proof of registration.*

The educational institution I plan on attending still has not provided me with my Proof of Registration yet the scholarship deadline application is fast approaching. What should I do?

Answer: Contact your institution and ask when you can expect to receive it. Then email mailadmin@cnpensioners.ca and identify the issue with a tentative solution.

Consideration may be given and if so, further instructions will be given to your. If you are able to get screen shots of your actual courses showing you are registered and / or proof of payment or partial payment, then this would constitute proof of registration.

Does my transcript of marks have to be official or can I print something off my student account?

Answer: Unofficial but final marks are acceptable for submission, but an official transcript may be required at a later date. It is preferred that transcripts of marks be official because that transcript is accompanied by the rating scale for averages and GPA or letter equivalences. Since you will be submitting this documentation via email, you must submit both the front and back page of the transcription of marks so that the grading criteria is provided. By making application, you are declaring that your transcript of marks is correct as provided by your educational institution. The CNPA reserves the right to request originals. **Note: Screen shots are acceptable for marks. However, official marks transcript may be required prior to award if applicant is selected. Please ensure grading criteria is also provided if grading is not numerical.**

I plan to attend a school in Europe or elsewhere. Am I still eligible to apply for this scholarship?

Answer: No. At this point, the Harvey Hosfield Bursary Program can only offer bursaries for accredited educational institutions in Canada and the U.S. The exception would be if you are an exchange student and if your tuition and registration reflect the Canadian Educational Institution.

Will you accept late applications by email?

Answer: No. Email applications after August 15th will not be accepted.

If I am one of the successful applicants, will you be issuing me a T-4A slip?

Answer: No. You would be responsible for reporting the revenue from your scholarship award to Revenue Canada on your individual tax returns.

If I have a question that is not answered in the FAQ, where can I get an answer?

***Answer:* Email mailadmin@cnpensioners.ca. Do Not send questions to CNPAMBbursary@gmail.com as this is for applications only.**

For more info visit www.cnpensioners.ca or contact us via email at mailadmin@cnpensioners.ca should you have a question.
