### **5-PIN BOWLERS NEEDED**

Your 5-pin bowling league has been around for many, many years. Don't you be responsible for the demise of this activity.

This is a mixed league, we bowl at the Mosienko Lanes at the corner of Main and Redwood Thursday mornings at 10.00. Lots of parking, bus connections and a friendly bunch but we need replacements. Don't be shy come on down. If you've never bowled before, that's okay because we all seem to enjoy one another's company. Think about it, it encourages you to get out Thursday mornings, a little activity gets the juices flowing and we are done by noon.

Three games at \$8.00 includes bowling, prizes and a wind-up banquet.

Wally Payonk, President at 338 2130 and Marge Jacobson, Secretary at 222 6012 and Dean Danforth, Treasurer at 452 9203 are there for more information.

The local association was officially named, :the C. N. Rly. Veterans' Association, Division No. 1, Prairie Region, (the Vets). The initial meeting took place on October 17, 1930 at the Fort Garry Hotel. The Vets had their own room at the lover level of the Union Stn. on Main St.

The Vets had two meetings a month, the first and third Wednesdays, the 1st mtg. was their business mtg. and their 2nd was a social get together. They had their own piano, carpet bowling, a bridge club, a stamp collection, movie projector and screen, a light lunch was available supplied by the membership on a voluntary basis and the Vets 5-Pin Bowling League.

The above shows the benefit of having a room to call your own. Pensioners had a good working relationship with CN management which continues to this day.

### Correction:—

If you really want to get a hold of **Bert Andrews**, his phone number is 255 6340, not as I printed in the last newsletter on page

Sorry about that.

At a recent breakfast, met **Doug Dillon** and **Paul Newsome** both of the Prairie Dog Central who said that 2009s "inaugural trip would be on May 10th with steam engine No. 3 back in service"

A Retiree's Thought!

My wife said, "Whatcha doing today?" I said, "Nothing."
She said, "You did that yesterday."
I said, "I wasn't finished."

My apologies for not making it abundantly clear that our regular meeting at the Norwood Legion would not take place on Wednesday, Dec. 3rd, was our Xmas Luncheon at the Masonic Centre. We had around 210 attend the Luncheon, but I understand a few showed up at the Legion. My sincere apology for any inconvenience this might have caused.

### Ernie Borowsk

**Ernie** presents his monthly report at our regular meetings.

Come on out to the meeting if you have any questions.

I am the consummate sceptic, last month, January, the price of a barrel of crude oil closed under \$34.00 a barrel.

We were paying for a litre of gas here in Winnipeg approximately 83 cents.

However, the price at the pumps jumped 5 cents a litre and a couple of days later it went up another I cent a litre or 89 and is now around 84 cents a litre.

Isn't this called gouging?

In August, 2008 the CN Pension Committee were proposing a better recommendation to the CN Board of Directors an increase in our indexing formula for qualifying pensioners.

As everyone knows there was a major stock market correction affecting all major investments.

The Board has postponed the proposed increase until the "market" improves. Keep this in mind, as it might slip the Boards mind.

I was privilege to attend the AGM of the National Council in Montreal on November 20 & 21st 2008. I replaced Janet Lewis Anderson your regular N.C. Director who was unable to attend due to other commitments for this one meeting only.

The meetings were chaired by President Dave Simpson starting promptly at 09.00 AM through to 16.30. The full agenda was covered in the allotted two days

. Simpson gave his president's report commenting on several issues, particularly the effect of the severe stock market correction and it's affect on the CN Pension Trust Fund. Noting that there was a reduction in the value of

Fund, but not a loss as the managers had not sold shares, (stock). The stock market is a cyclical investment with "highs & low's", and the market is currently in a low.

The N.C. Treasurer Bruce Peacock gave a professional presentation on the membership and financial status of the National Council, supported with charts and graphs on screen. The N.C. is in good financial shape and much discussion took place on how to distribute same.

Committee reports from the CN Pension Committee, Health Care Committee, the Federal Gov't. Liaison Officer and VIA Rail as it relates to our CN Travel Passes were presented for discussion.

I asked the N.C. Directors for supporting my position on the payment of the indexing formula be changed from the percentage basis to a dollar figure, as the cost of living increase affects everyone equally therefore the payment should be same for all. We are all CN pensioners now and our job performance is the same for all, we are all pensioners.

When CN's Jay Mann, Senior Advisor, Pension & Benefits and V.P. Human Resources Peter Edwards spoke to the assembly on the morning of the 21st and on being asked to change the above format, they turned me down flatly.

Johnson's Insurance and Choice Hotels both gave separate presentations to the group. This was my third National Council AGM that I had attended over the past 20 years representing our local I appreciated meeting the various Directors, President, Secretary and particularly our Prairie Director from Saskatoon, Gary Heasman.

For all you newly retired CN pensioners, get and take an interest in the National Council of CN Pensioners Assoc., this is the only official organization that is recognized that represents us as pensioners.

The stock market will rebound, surplus in investment returns will occur again and pension improvements will be the order of the day. Without knowledgeable leaders who have our interests at heart, others will be sitting in the wings waiting to get their hands on it.

Make yourself familiar with the various phrases such as how the 5 and 10% thresholds affect the indexing formula? The liability of pensioners pension on a "going concern basis" to the CN Pension Trust Fund, the liability of actives to the Fund, and what is the difference called it isn't a surplus?

Bob Milling, an associate member of our local association is a retired locomotive engineer who <u>retired off VIA</u>.

Bob has done a little researching re the Group Term Life Ins. certificate that he received when he retired. It is with Sun Life Assurance and the policy number is 50246-G.

......

From the Health Care Committee reportstates that as of June 2008 there were approximately 41,078 CN pensioners and that 32,945 are over the age of 65.

# More information on the "Post-Retirement Term Life Insurance".

For clarification purposes and to add to what I had suggested in our last newsletter, I called the Pensioners Help Line at 1 800 361 0739 and they advised me that in the package that they send out to the pensioners survivors besides the various agencies to call, plus the right insurance carrier to call.

In my case, I retired in 1986 and National Life was the insurance carrier, but it is now Great West Life.

As I had two insurance policy numbers on two separate letters under National Life heading, I wanted to correctly identify the right one. I was given the Great West Life phone number to call and she advised that she would forward the new policy number and when I questioned the beneficiarary was my wife, she said that she would send me that form also as National Life had not given Great West Life that information.

I spoke to Lydia Tronca at G.W. Life at 1 800 363 3520 and instead of going through the various extensions pressed 0 to get her line. Ms. Tronca sent me the "beneficiary" form to fill out.

Unionized crafts have different insurance carriers than myself. I know that Sun Life Assurance Co. is another carrier and then to add to the confusion, non-unionize retirees could be under a different carrier. And then if you retired and got a "buy-out" you might have signed away this benefit, as well as health coverage and pass privileges.

So you see, if you as the retiree have trouble understanding all of this, just think what your survivors have to deal with when you pass on and haven't got your things in order before that time arrives.

Make it easy on them and satisfy yourself that you have made it as easy as possible.

Lyle Corbet, a retired locomotive engineer who retired in 1989 said that National Life was the insurance carrier originally and now it is I.A.G. Lyle advises that there phone number is 1 877 422 6487 extension 2575.

..........

Ralph Grant, member, called with some good information re the steam engine with the Prairie Dog Central. He told me that they have had problems with the "dome" that sits on the top of the boiler covering essential steam fittings. After two separate hydra tests, after placing the dome on the top of the boiler, it leaked and both times had to be sent back to Saskatoon for adjustments. The third time proved to be lucky with a little bit of manoeuvring, it's now functional.

Ralph, says that he has over hauled the air pump and that the dynamo has been over-hauled and is now capable of providing better lighting for the locomotive and tender.

Ralph who is 82 says that he has been working on steam engines for 80 years, 38 years with CN and 42 with the Prairie Dog Central and hopes to continue for many more years. WOW!!

# A Sentimental Journey—A Memoir, by Karl Olafsosn

This is an up-date on one of our members whose memoir which primarily has a CNR setting, was published and released in 2006.

Over the past two years the book has achieved sales and acclaim locally in Manitoba and North Western Ontario and also across Canada since being published by the magazine CN Lines and the CN Pensioner's News.

The book has been reviewed by the Manitoba Society of Senior "Beyond Fifty", "The Chronicle Journal" of Thunder Bay, "The Sioux Lookout Bulletin" and "The Ignace Driftwood".

The Manitoba Archives and the Manitoba Legislative Library have requested and now include a copy of the book in their libraries.

The response to this story, especially from retired railroaders has been very positive. It is my belief that there are many interesting railway stories out there just waiting to be told, and says that it is not the formidable task that one might imagine. I especially encourage the writing of family memoirs to be left for those that follow.

As a result of the book, I have re-established connections to various characters in the story, going back 60 and 70 years. Some are former school car students that attended a reunion in the form of a train trip from Winnipeg to Sioux Lookout and return that I organized in 2007., (almost enough material for another book)?

I wish to thank everyone for their feedback and kind remarks and remind you that the book is still available, direct from me.

My phone number is 1 204 256 5221, please call and let me know how to forward a copy to you.

Did you hear about the

The butcher who backed into the meat grinder and got a little behind in his work! Or

The baseball kept on getting bigger and bigger and then it hit me.

Or

Karl Olafson reports that Laurent Jolicoeur, (member), former Roadmaster on the Graham Sub., residing in Rainy River ON, wants to be remembered to all. He will be 83 this April 22nd and also with his wife Threse, will be married for 64 years this July 19th. Laurent is not in good health.
